

Farm Worker – Beverly & Wenham, MA

Who We Are

Since our founding in 1991, The Food Project has grown into an internationally recognized non-profit organization that works at the intersection of Youth, Food, and Community. For over 26 years, youth and adults from diverse backgrounds have come together to produce healthy food for residents of the city and suburbs and build local, sustainable food systems. Each year, our four youth crews work with our staff to farm on 70 acres in eastern Massachusetts in the suburban towns of Beverly, Lincoln, and Wenham and partner with our neighbors in Lynn and Boston's Dudley neighborhood to create the food system they imagine. We believe that food is a unique vehicle for creating personal and social change. Nothing else ties us so intimately to each other and to the planet we share, affecting our health, the climate, and culture. Moving into the future, our goal is to transform the food system into a more just, community-controlled model that supports food-security for all.
