

**The Food Project**

## What We Seek

The Food Project is seeking a Lincoln Farm Manager. Applicants for this position should be experienced vegetable farmers and be passionate about sustainable agriculture and youth development, as well as a commitment to teamwork. They should also be committed to making a difference in the world and for the vision of The Food Project. The Farm Manager will lead with the farm education for our youth crews and volunteers. The Food Project's 31-acre farm in Lincoln, MA, grows and distributes produce in conjunction with our youth programs through our Fall CSA share, Farmers' Markets in Boston, wholesale accounts and to local food access organizations.

## Responsibilities

---

### Farm Operations (55%)

- Manage Farm 31 acres, 1 heated greenhouse, 2 high tunnels
  - Manage all planning for the farm, including annual crop planning, seasonal planning and daily planning for field work and distribution.
  - Manage all aspects of field prep, planting, fertilization, irrigation, cultivation, and harvesting of the Lincoln Farm.
  - Work with the Director of Farms and Food to develop a long term plan for the compost operation.
  - Manage tractors, vehicles, equipment, and property maintenance.
  - Steward non-cultivated acreage (cover crops, other soil-building efforts)
  - Maintain up to date recordkeeping for planning, harvest data, soil fertility, expense tracking, budgets
  - Annual reporting and compliance with the current lease agreement.
  - Manage all field work on the farm, including that which is carried out by staff, youth and volunteers.
  - Manage all farm infrastructure including high tunnels, well/well pump, irrigation lines, cooler maintenance, greenhouse heaters and fans.
  - In partnership with the Director of Farms and Food, support 2 returning subleasees on the farm.
- Manage Greenhouse Operations- Seedling production including watering schedules, infrastructure, curing, and storage of produce, high tunnel production
- Manage and track farm revenue generation- Coordinate with the communication team to manage all logistics (advertising, sales, communications) around distribution streams.
- Manage Partner Relationships- Work with the Director of Farms and Food, to manage partnerships with sub-lessees and the town of Lincoln. Manage partnerships with food access organizations.

### Distribution Operations (15%)

- Coordinate with Boston Farm Manager to develop annual crop plans that serve the distribution interests of the Dudley neighborhood (as well as TFP's other distribution commitments)
- Coordinate to various outlets, maintain current and new relationships, and communicate produce availability (e.g., Boston, Fall CSA, wholesale sales and donations).
